

January 1, 2015

FROM: Your SATRO® Planning Committee

Dear Colleagues:

Please mark your calendar to join us at the upcoming SATRO® 17 conference, "Embracing Change, Positioning for Success", April 23-24, 2015 in Lake Buena Vista, Florida. Our hotel, the Holiday Inn Orlando – Lake Buena Vista is just two blocks from Downtown Disney and Disney Marketplace, and on the Disney Parks free bus line. We have negotiated a special rate, \$119/night for up to four (4) guests, and self-parking is \$10/day, so bring the family!

A number of speakers have been invited to submit abstracts. As the planning committee selects the program topics to be offered, the pictures of those speakers will be posted at the Speakers tab of our website. All programming will be offered in general sessions this year, and we have extended some refreshment breaks in order to provide you additional networking time.

Our invited keynote speaker is Dr. Timothy Williams, FACR, FASTRO, former president and chairman of the board, ASTRO, and Medical Director, Lynn Regional Cancer Institute, in Boca Raton, Florida. Along with presentations by some of the preeminent billing and coding consultants in radiation oncology, we will again offer a consultant panel to answer your billing and coding questions on Friday afternoon.

In uncertain economic times such as these, SATRO® offers you the most cost effective continuing education solution. We plan to submit CE approval requests to AAPC, ASRT and ROCC®. We think you will agree that Lake Buena Vista is a great meeting venue, that registration and hotel costs are *very* competitive when compared to other radiation oncology conferences, and that our 'compressed' schedule (1.5 days) permits your time away from work to be quite manageable. Plus, the nearby entertainment options available in Orlando will easily fill any 'idle' time which you may have.

To maximize your 'investment value', we are pleased to announce that Churchill Consulting will offer a one-half day pre-conference workshop on Wednesday afternoon, which will require a separate registration fee. Please visit that website for details regarding program contents, cost and registration. That session will be followed in the evening by free interactive demonstrations of the Varian Oncology ARIA software.

To access program information, updates about speakers and the conference schedule, as well as lodging and registration specifics, please periodically check our website, www.satro.org. In addition, you may wish to join our chat group of over 500 radiation oncology professionals on Yahoo (<http://groups.yahoo.com/>), for the latest billing and coding information.

To register, please download the form found at the Registration tab of our website, and submit it with payment, by mail to: SATRO®, P.O. Box 2496, Matthews, NC 28106, by fax to: 704-333-3397, or by e-mail to: 2015satro@gmail.com.
